Stop, Think, Decide

An integrated series of interactive curriculums targeted at Ant-Bullying, Safe Schools, and Decision Making

Attention Deficit Disorder

This tool has been designed as a "Coaching Tool" to address students with **A.D.D.**, as well as helping them, teachers, counselors, and their families understand and cope in an **A.D.D.** environment.

Adolescents and families with A.D.D. need to know:

- The issues and challenges they face on a daily basis have solutions
- A.D.D. can be managed and even viewed as an advantage
- There are strategies and techniques to success

This "Coaching" presentation addresses 17 real life issues divided into 5 categories:

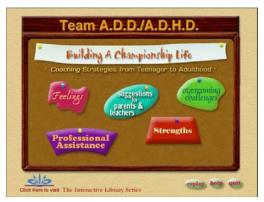

- Strengths
- Overcoming Challenges
- Feelings
- Suggestions for Facilitators and Parents
- Professional Assistance for Adolescents

The issues addressed are:

| 1) Relationships | 2) Self Esteem | 3) School | 4) Work | 5) Praise |
|-------------------|----------------|---------------------|-----------|--------------|
| 6) Setbacks | 7) Addictions | 8) Faith | 9) Family | 10) Exercise |
| 11) Frustrations | 12) Group | 13) Competitiveness | | 14) Rewards |
| 15) Confrontation | 16) Play | 17) Manipulation | | |

As an adolescent and facilitator navigate throughout these issues and strategies, you will be provided an opportunity to understand and problem solve many of the most common daily challenges facing an adolescent.

This study included over 100 adolescents who contributed their thoughts, feelings, and frustrations in the hope of providing a better understanding of **A.D.D**.

Series partially funded by a GRANT from the Department of Justice and produced in Partnership with *The Florida Department of Education* and *The University of South Florida*
