

\$\$ Health for Wealth \$\$ Nutritional Fundraising Programs & Curriculums

The United States is faced with an ever increasing Childhood Obesity epidemic! American children are gaining weight faster than ever. Double burgers and king-sized candy bars are too big to be digested. Those empty calories are being stored as fat! Even children who are not overweight are often undernourished. This generation may not outlive their parents!

Schools and/or school organizations have the opportunity to truly make a difference while also raising money for your schools. Show parents that your school is concerned by offering a FUN, ENGAGING, CROSS-CURRICULAR, ANTI-OBESITY, NUTRITION & WELLNESS HOME CURRICULUM for your students and their families instead of the traditional 'junk food' programs. Students will learn about a healthy lifestyle in a fun, engaging manner while simultaneously enriching their Reading/Language Arts, Math, and Science skills.

Fund Raising Made Easy

- Register your school using this form on online on our website.
- Baux Publishing provide your school with a unique promotion code, a custom flyer, and a custom presentation that you can use to engage and excite parents.
- Parents will go directly to the Baux Publishing Website to order the materials.
- Baux Publishing will ship directly to the parents taking the fulfillment pressure off you.
- No 'event', no door-to-door selling, no inventories or money to manage, and no 'end date'. The program can run the entire school year.
- Baux Publishing will contribute 15% of each sale directly to your school or parent organization
