Stop, Think, Decide

An integrated series of interactive curriculums targeted
at Anti-Bullying, Safe Schools, and Decision Making

Teens 4 Teens

This interactive program provides Teachers, Counselors, and Parents with:

- Suggestions on how to talk to their children about managing their sexual feelings and behaviors in a society where young people are continually exposed to conflicting social and media images about relationships and sexual involvement.
- A chance to hear teens talk about the choices they made about sex and how these choices affected their lives. Parents can use these teens' situations to start a dialogue with their own children about sexual decision-making and possible consequences.
- Concrete skills to share with their children on how to be assertive in relationships so that their children will not be talked into doing things they do not wish to do.

There are eleven topics included with this program that can be utilized by Teachers, Counselors, and Parents to convey information, stimulate discussion, and reinforce values with the students. These **Teens4Teens: Focus on Abstinence** topics include:

- Myth or Fact?
- Teen Pregnancy: What It's Really Like
